

## About Guidance and Online lectures

Dear all,

We hope you are doing well and congratulate you on your enrollment!  
I am Susumu Yoshizawa (Ph.D., Assoc. Prof.) of NENV, a teaching committee member of the department.

As you know, our department was scheduled to have a guidance meeting:  
on: 3rd April (Fri), 1-2 PM  
at: the FS hall of the Environmental Building of GSFS.

However, this guidance has been cancelled to avoid the spread of COVID-19 infection.

On above time and place, you can pick up the necessary documents: guidance booklets, your student ID card and keys to enter your room.

Alternatively, you can receive these stuff later at the office of our department (@ 5th floor of the Environmental Building, GSFS).  
We are also preparing for on-demand guidance articles to learn by yourself. Links to them will be announced on our later emails. Please wait for our updates.

### \*ONLINE LECTURES\*

Lectures of summer season will be held ALL ONLINE.

Visit the following link and prepare for everything you need:

<https://utelecon.github.io/oc/>

(English translation is available)

The accounts you need to log in the system would be provided with you by our following email (you'll be invited to our secure download system).  
Right now, please read the web page and prepare for how to use online devices you need.

Ask for your supervisor's/tutors' support anytime.

Situation's changing day by day; we will send you important information.

Please make sure to check this email account to follow the updates.

The newest situations would be also provided by our web site.

\*\*\* Note: Emails from our University staff would end with

"@...u-tokyo.ac.jp". \*\*\*

\*\*\* Do not hesitate to consult your supervisor/tutor whenever you feel any security concerns.

We are looking forward to seeing you soon.
